

## CDJ-800MK2 Software Update

Applicable Models: **CDJ-800MK2**

### To confirm the CDJ-800MK2 system version

1. Turn power ON.
2. Hold the RELOOP/EXIT button depressed for 10 seconds.
  - \* The system version will appear in the display. [Display example] Ver. 2.10
  - \* To return the CDJ-800MK2 to normal operation, turn the power OFF and then ON again.

---

### Program Update Procedures

1. Confirm that unit power is OFF and no disc is loaded. In this condition, hold the TIME MODE/AUTO CUE and AUTO BEAT LOOP2 buttons depressed simultaneously, and turn power ON.
  2. When "DOWNLOAD" appears in the display remove your fingers from the TIME MODE/AUTO CUE button and AUTO BEAT LOOP2 button.
  3. Insert the program update disc.
    - \* The display will show the "DOWNLOAD" scrolling menu.
    - \* Do not turn power OFF while the update process is continuing.
    - \* Update will be completed in about 1 minute.
    - \* When the update is finished, the "COMPLETE" message will appear and the program update disc will be ejected.
  4. Remove the program update disc and turn power OFF.
- This completes the update procedure.

### NOTES

- ◆ Follow the above procedure closely to perform update.
- ◆ Never not turn off or disconnect power, or remove a disc while update is in progress.
- ◆ If you have any questions regarding this procedure, consult the Pioneer service department.
- ◆ If "ERROR" appears in the display, stop the operation, turn off the power, and consult the Pioneer service department.
